Mutual Fund investing involves risk. Principal loss is possible. The Argent Small Cap Fund invests in smaller companies, which involve additional risks such as limited liquidity and greater volatility than larger companies.

A Fund realizes capital gains whenever it sells securities for a higher price than it paid for them. Net realized gains are paid to shareholders as capital gain dividends. A dividend will reduce the net asset value of a Fund share by the amount of the dividend on the ex-dividend date.

You should consider the Argent Small Cap Fund's investment objectives, risks and charges and expenses carefully before you invest.
